If a matrimonial contract is in place a letter is required by their notary advising of this. The letter from the notary must be in English or French. Clients present themselves at the Registrar General Civil Status Office in Port Louis a minimum of 3 days before the wedding day. Their original documents will be checked by an Attorney.

Once completed, clients are granted a certificate of non residency. It is the Bride and Groom's responsibility to check the accuracy of all processed documentation.

Apostille of Wedding Certificate:

This is a documentary device by which a government department authenticates a document as genuine, thereby legalising it for use in another country under the terms laid out in the HAGUE CONVENTION.

Once a document has been Apostilled, thereby providing official government authentication of the signatures and stamps appearing on it, it is automatically deemed legalised for use in another member country.

The Apostille simplifies the formalities of legislation of public documents outside the countries from which clients emanate.

Mauritius is one of the signatories of the above Convention and it is the Prime Minister's office which is responsible for the final authentication exercise, that is, issuing the "Apostille".

It is strongly recommended that the wedding certificate is Apostille stamped during your stay in Mauritius however this is not a requirement for couples residing in South Africa.

Prime Ministers Office, New Government Centre, 4th Floor between 9am to 3pm Port Louis.

It is to be noted that the Apostille service is FREE OF CHARGE.

Documents for legalisation (Apostille) should as far as possible be submitted in person and collected the next working day from 1pm. Clients are responsible for transportation costs and any courier service that might be necessary.

These costs are not included in the cost of legal procedures as quoted on this document.

Changes may be brought to any element of information of this document.
